

MURPHY SPORTFISHING 2020 UCLUELET GUIDED FISHING

FISH - SAFE OPERATIONS

CLIENT CONDUCT PLAN:

1. Goal
2. Advance Preparation
3. 48 hour Pre Arrival Online Health Check In
4. Marina Arrival Instructions
5. What we are doing in the background.

1. GOAL

Besides compliance with the rules and regulations around Covid-19 and WorksafeBC, the goal of this plan is to keep communities, clients and employees, safe and healthy, and to eliminate the risk of exposure to COVID-19 during operations. British Columbia Health Authority (BCHO) and WorkSafeBC guidelines have been relied upon to establish procedures intended to keep everyone safe during these “unusual” times.

Murphy’s Sportfishing is committed to following these rules and guidelines.

We thank you for your support and commitment to this goal.

2. ADVANCE PREPARATION

Please plan for your trip well in advance. Think through what you need to bring and shopping for gear or other items should take place in your home community. Ensure you have enough personal items for the duration of the trip.

Facemasks (Bandanas, Buffs, Homemade face coverings or non-medical masks) or clear full face shields are mandatory. Please bring face coverings and wear them whenever you are in proximity to others who do not share your arriving Travel Pod. These must be worn by all occupants in the vessel.

While it is discouraged, if you do need to stop for any reason while travelling to your destination you must adhere to BCHO guidelines and please use a face covering. Sanitize or wash your hands prior to entering and after leaving a business.

Hand Sanitizer – Please have personal hand sanitizer with you in advance of your trip. While we have it aboard, it is important before you board to have sanitized your hands.

Ucluelet does not have medical facilities to serve Covid-19 and we are not willing to put these small clinics at risk. If symptoms arise during your stay you will be directed to seek medical advice outside of the community at mainstream hospitals such as Nanaimo. Be prepared to depart immediately in the vehicles you arrived in to seek medical attention.

3. 48 HOUR PRE ARRIVAL ONLINE HEALTH CHECK IN - Our office will provide you with an online health attestation that is mandatory. Guests arriving with symptoms of Covid19 will be denied boarding. If you are ill, please don't come. Instead, give us a call, we will miss you, but rest assured that Murphy's will help you defer your trip to another time, a safer time, and not lose your investment.

4. MARINA ARRIVAL INSTRUCTIONS

Please call your guide when you arrive at the parking lot, he will come and meet you when he is ready. Cheryl from the office will exchange contact information with you for your guide.

Your guide will meet you at your vehicle wait NEAR your vehicle for him. If you do not see a host immediately, do not proceed to dock or loading zone. We will find you...

Please put on your face coverings upon arrival and sanitize your hands upon getting out of your vehicle.

At the dock your guide will provide a welcome briefing Includes:

- Orientation

- Quick Health check discussion

- Please have your printed (not on phone) fishing license handy as well for inspection

5. WHAT WE ARE DOING BEFORE AND WHILE YOU ARE ENJOYING YOUR TRIP

Post Trip Boat Sanitization – After Every trip the boat and its equipment is cleaned and sanitized

During the Trip – Between uses of equipment, the rods and reels will be wiped down and high touch point areas cleaned.

Crew Health Checks – Our crew health is monitored, reported and tracked so you can be confident that we are doing our part.

Post Trip Guest Health Check in – A few days after our trip we will be reaching out to see if you are still feeling great, this way we all know that everyone we are touch with, in these confined spaces, remain healthy.

We are committed to making your trip a fantastic one! Now that these safety measures are out of the way you can focus on having a fantastic trip!

May the Fish Be With YOU!
