

# MURPHY'S STAMP RIVER 2020 FISHING LODGE OPERATIONS

## CLIENT CONDUCT PLAN:

1. Goal
2. Advance Preparation
3. 48 hour Pre Arrival Online Health Check In
4. Lodge Arrival Instructions
5. What to expect at the lodge and in the boats.

### 1. GOAL

The goal of this plan is to keep communities, clients and employees, safe and healthy, and to eliminate the risk of exposure to COVID-19 during operations. British Columbia Health Authority (BCHO) and WorkSafeBC guidelines have been relied upon to establish procedures intended to keep everyone safe during these “unusual” times, fishing with Lodge’s.

We thank you for your support and commitment to this goal.

### 2. PHYSICAL DISTANCING MANDATORY

**This is the most essential part of our Provincial Health Office approved plan for fishing lodges. It is a condition of booking and service.**

You will at all times be respectful, support and practice physical distance of 2 M from other “travel pods” and staff. When this can not be maintained face covers must be utilized.

A travel pod is a group of anglers who traveled together, sharing a room, dining table, socializing and fishing together. A travel pod does not physical distance from their own members.

The BC Health Office allows for up to 6 people to be in a travel pod and dining together.

### 3. ADVANCE PREPARATION

**Please plan for your trip well in advance.** Think through what you need to bring and shopping for gear or other items should take place in your home community as much as possible. Ensure you have enough personal items for the duration of the trip.

**Facemasks** (Bandanas, Buffs or non-medical masks) or clear full face shields are mandatory at some times. Please bring facemasks and wear them whenever you are in proximity to others who do not share your arriving Travel Pod. If you do not have one upon arrival, we will have one for you, free of charge.

While it is discouraged, if you do need to stop for any reason while travelling to your destination you must adhere to BCHO guidelines and please use a facecover. Sanitize or wash your hands prior to entering and after leaving a business.

**Rain Gear and Boots:** This year lodge's is not permitted to provide personal rain gear since it is considered under these rare 2020 circumstances, to be personal equipment. Please bring boots, foul weather gear and dress for a range of weather conditions.

**4. 48 HOUR PRE ARRIVAL ONLINE HEALTH CHECK IN** - Our office will provide you with an online health attestation that is mandatory. Guests arriving with symptoms of Covid19 will be denied unloading at the lodge. If you are ill, please don't come. Instead, give us a call, we will miss you, but rest assured that Lodge's will help you defer your trip to another time, a safer time, and not loose your investment.

## **5. RIVERSIDE LODGE ARRIVAL INSTRUCTIONS**

Park in designated Lodge parking in front of the lodge or between the garage and shed.

Our host will meet you on the outside front deck (do not unload immediately upon arrival) wait for one of staff to greet you. If you do not see a host immediately, please ring the door bell and we will come out. The lodge is only open to those with advance reservations so doors may be locked but we are indeed open!

Welcome Briefing Includes:

- Complementary face mask if you don't have one
- 30 ml Hand Sanitizer for the trip
- Lodge and Fishing Conduct Overview
- Description of queue and loading plan
- Dining and Meal details
- Please have your fishing license handy as well for inspection – We need the license #

## **6. AT THE LODGE AND IN THE BOATS**

Report any symptoms of COVID-19 immediately to the nearest available Lodge employee.

Facemasks (Bandanas, Buffs or nonmedical masks) or clear full-face shields are mandatory at certain times when physical distance of 2 M can not be maintained. Wear them whenever you are in proximity to others who do not share your Travel Pod. They will be required to be worn on the boats at certain times. The garment "buff" which remains around your neck is the easiest way to have a face cover handy since they do not hook onto your ears.

Thank you for your support, we look forward to having a safe and awesome season. We look forward to seeing you soon!
