

PRE-BOARDING BRIEFING

- Pre-Boarding Briefing – With your face cover on, prior to boarding the Master of the vessel will provide a Covid Safety Briefing and will include at the minimum these elements Please tick off as they are completed.:
- Our objective today is to have a great time and leave all the stresses we have been having behind us at the dock, but we also have to remember that I, as our guide am not part of your “travel pod”, these measures are mandated by WorksafeBC to keep both of us safe, so we can all relax and have a great time.
- Immediate Health Screening – How is everyone feeling today?

PRE BOARDING HEALTH CHECK IN – Oral discussion

Symptom
Feeling a Fever ?
Cough
Breathing difficulties
Loss of smell or taste
Comments:

- Do you have a face cover ? – If not provide one. If the guest refuses you do not have to attend work and put yourself at risk. Masks are mandatory.
- We will maximize space between us as much as possible all the time and spread out as much as possible, however face covers have to be worn at all times.
- We will discuss and make a meal plans before we remove our coverings so we can spread out during lunches/snacks so we can enjoy bevies/snacks/meals. I can maneuver vessel to help with ventilation.
- Vessel is equipped with Sanitizer
- Garbage is also important, and we have a designated place for garbage, please do not leave wrappers or napkins or any garbage sitting around, it should go into the garbage.
- Let’s have a great day! Any questions?
